ACKNOWLEDGMENTS

Dear Customer, DimasTech Systems Snc would like to thank you for purchasing our DimasTech® Bench/Test Table Hard V2.5.

INTRODUCTION

The DimasTech® Bench/Test Table Hard are cases specially made to satisfy the needs of Fast Assembly of Hardware Components.

This new Product Re-Born in the new version after collecting huge amount of feedbacks from the Expert and also from the inexperienced users that from long time helps us to improve our products quality and features.

Following below there is a list of implemented features of the new Dimastech® Bench/Test Table Hard V2.5.

This Particular case mainly dedicated for the user that it's not satisfied by the normal PC but that are used to frequently assembly and disassembly Hardware Components.

The Dimastech® Bench/Test Table Hard V2.5 can be used as a Test Station, normal PC case for daily using or else it

NOTE

CONCLUSIONS

The DimasTech Bench/Test Table Easy V2.5, reviewed from different website dedicated to the argument, result being a good solution for all the user that wants a different PC case, and that wants some more, the features of fast assembly and disassembly.
Globally recognized as best Test Station from the World Overclocking and Testing community .

can be used for Expositions of Hardware in Fairs to show at the visitor what kind of hardware components are used.
.

The Bench/Test Hard V2.5 Table has got a special support which enable you to clamp cups (see section: Extreme Cooling, about Cups) with the help o fan arch and threaded bar; this system allows you the clamp a cup, or any tap without using any clips brackets in any position of the motherboard.
to get a quicker disassembly of the components the Bench/Test Hard V2.5 Table has got some new grained screws which clamps any component of the table itself or of the hardware.

The Bench/Test Hard V2.5 Table can be assembled on the Easy model, just clamping it with 4 Rubber feet, this way you get an Extreme Bench real position (you can find the EasyHardV2.5 model in this section of our shop: Bench/Test EasyHard V2.5 Table)
